

### **Fire Fox Addons Summary**

The Firefox seminar will showcase a handful of the more popular addons, to help people have a more enjoyable, safe, and efficient time surfing the Internet. The Seminar will focus on some of the addons from the more popular categories. These categories will include Appearance, Bookmark functions, Security, and news groupings.

The purpose of the seminar is to demonstrate Firefox's ability to customize your internet browsing and functionality to your personal preference. Although, there are thousands of addons for the Firefox browser, the seminar will present a grouping that could benefit most people. For internet users that are looking for an alternative way to surf and use the Web; the Firefox seminar can present new possibilities to make your website surfing lively, safer, and more efficient.
