RESIDENTIAL REAL ESTATE ACTIVITY ONLY

December 2021

The 2021 housing market was one for the history books. After three consecutive months of increases recently, existing home sales are on pace to hit their highest level in 15 years, with an estimated 6 million homes sold in 2021 according to the National Association of REALTORS®. Sales prices reached new heights, inventory hit rock bottom, and homes sold in record time, often for well above asking price. Mortgage rates, which began the year at historic lows, remain attractive, and homeowners who choose to sell in the coming months can expect to see plenty of buyer activity due to pent-up demand during the pandemic.

New Listings in the North Shore-Barrington region decreased 30.4 percent to 392. Listings Under Contract were down 18.9 percent to 411. Inventory levels fell 50.5 percent to 979 units.

Prices continued to gain traction. The Median Sales Price increased 1.1 percent to \$480,000. Market Times were down 37.5 percent to 64 days. Sellers were encouraged as Months Supply of Inventory was down 56.3 percent to 1.2 months.

Looking ahead, experts anticipate many of the housing market trends of 2021 will continue in 2022, albeit at a more moderate level. Strong buyer demand and inventory shortages are likely to persist over the next year. Home sales are projected to remain strong but will be tempered by the limited supply of homes, higher sales prices, and rising interest rates, with the Federal Reserve planning multiple rate hikes in the new year. Price growth is expected to slow somewhat as a result, but affordability will likely remain a top constraint for some homebuyers.

Housing Affordability Index

This index measures housing affordability for the region. For example, an index of 120 means the median household income was 120% of what is necessary to qualify for the median-priced home under prevailing interest rates. **A higher number means greater affordability.**
